

## Web Maze

### Purpose

Stalking and movement activity

### Method

The web Maze can be constructed in a variety of design that best suits the terrain , either along ground level or in the form of a cube and some method eg bells to indicate web has been touched.

### Preparation in advance

1. Define location
2. Decide on what style of web maze best suits
3. Spars/sticks
4. A pop-up gazebo makes ideal cube maze
5. Sisal
6. Bells

### On the day

1. Explain the instructions

### Risk assessment

1. Bumps, falls and grazes
